The City of Wheat Ridge is a diverse community of residents and businesses. I have made it a point to listen to both sides of an issue and find common ground. City Council needs members who can make educated and informed decisions. I have never been one to make decisions based on spoon-fed information from a select few. My voting record and public policies speak for themselves. I enjoy working with citizens and businesses on win-win public policy. Our City is too small to allow win-lose decisions by City Council. Let's change that together. I respectfully ask for your vote this November. Thank you!

Vision, Leadership, Experience and the Proven Ability to Get Things Done!

"I believe Jerry, with his considerable experience and dedication, will continue to be instrumental in moving Wheat Ridge forward if he is elected to City Council; he is approachable, honest, and hard-working."

*— Carolyn L. Herman
Wheat Ridge Resident*

"Jerry is a thoughtful and intelligent candidate with broad experience. He will be an advocate for protecting our neighborhoods from high density residential redevelopment. Jerry does believe in sustainable and sensible redevelopment in Wheat Ridge without harming our diverse neighborhoods. As always, Jerry will strive to preserve the hometown feel of our community."
